

# Pregnancy Diet

Each pregnancy and delivery is unique! As Guide Dog breeders prepare for their special deliveries, we change their diet to meet developing needs during pregnancy. The brood in your care is now eating the following high-calorie diet:

Eukanuba Small Breed Puppy (chicken formula) can be found at Petco, PetSmart, Amazon.com & Chewy.com

*Please note that the packaging differs based on the size of the bag. Rest assured, it is the same formula! Two examples of the packaging are pictured here.*

If you would like to purchase this food from GDB, please contact a member of the Breeding Department who can help coordinate a contactless pick-up on our campus and can give you the current price of the food.

***We are ONLY able to accept checks, so please bring a pre-written check!***  
***We are unable to accept cash or credit card at this time.***

*Thank you for your attention and assistance as we work together to deliver healthy puppies for future generations of guide dogs.*
