GRATITUDE REPORT 2024

Remembering Sandra Lee Hontalas

GDB is honored to remember longtime volunteer, donor, and Legacy Society member, Sandra “Sandy” Lee Hontalas. During her lifetime, Sandy was a fixture at GDB events, where she delighted in meeting puppies, dogs, and clients. She served as a member of GDB’s Holiday Luncheon Committee for close to a decade, helping to shape the event, introduce her friends to GDB, and raise funds to support our life-changing mission.

Phil Spalding, former GDB board chair and Sandy’s dear friend and estate attorney, recalls her fondly. “She and my wife De Ann went to the Holiday Luncheon for years and years together. She loved seeing the puppies and hearing the personal stories of GDB clients,” he says.

In her later years, Sandy enjoyed being honored as a Legacy Society member at GDB’s Legacy Luncheons after she named GDB in her estate plans. Having no immediate family after her husband Constantine Louis “Gus” Hontalas passed away, she wanted to ensure her estate would go to a reputable charity that was changing lives. “That organization was GDB,” says Phil.

Sandy passed away in July of 2023, and her generosity will be felt at GDB for generations. Her legacy gift was the largest single gift ever made to GDB. “We are forever grateful for Sandy’s contributions through the years and for her generous estate gift,” says Tom Horton, GDB’s international director of Planned Giving. “Her extraordinary gift will help fund many future guide dog teams in the years to come.”

“Sandy’s incredible gift will help ensure that future generations of GDB clients can experience our life-changing programs.”

—Christine Benninger,
President and CEO

FROM THE CEO

Greetings,

I want to express my heartfelt gratitude for your unwavering support and dedication in fiscal 2024. Your contributions to Guide Dogs for the Blind (GDB) help advance our mission and make a profound difference in the lives of individuals who are blind or visually impaired.

And your support is helping GDB lead the way in the guide dog industry.

Our commitment to excellence is evident in every aspect of our work—from our guide dog, K9 Buddy, and Orientation & Mobility programs to the comprehensive support services we offer our clients and their dogs throughout their lifetimes. We are proud to be the first guide dog school in North America to cover the cost of veterinary care for clients' dogs when needed.

Thanks to you, GDB has developed a new industry-leading puppy-raising program that is science-based, focuses on dogs as sentient beings, and emphasizes the development of a puppy's confidence and resilience—two of the most critical factors to becoming a guide, K9 Buddy or breeder. We have created a new accessible Puppy Raising Guidebook that is available on our website so anyone can benefit from our knowledge, especially other guide dog organizations. And the program is more inclusive so a broader range of people can participate in the joys of puppy raising.

Concurrently, we have embarked on our first Canine Health and Longevity Study to identify health-related conditions in our current and former program dogs. By identifying statistically significant trends, GDB can make better evidence-informed decisions with regards to breeding which will benefit our clients and our dogs. Very few guide dog organizations conduct regular health studies of this magnitude, so GDB is leading the industry with this effort.

Your support also helps fund educational outreach programs that offer ongoing resources for people who are blind or visually impaired and their families, as well as fostering a supportive community network that empowers individuals to thrive.

Looking ahead, we are committed to enhancing our services and reaching even more individuals who can benefit from our life-changing programs. With your continued partnership, I am confident that we will achieve even greater heights.

Together, we are unstoppable!

With deepest appreciation,

CHANGING LIVES

GUIDE DOG MOBILITY

Matches people who are blind or visually impaired with highly trained guide dogs. After completing our training program, clients leave with enhanced confidence, independence, and mobility.

“After retiring my guide dog, I worried I wouldn’t have as strong a connection with my new guide. But the day I met Valentino, I felt my heart open to the freedom, comfort, support, and independence he offered. I felt love.”

—Derek Dittmar

K9 BUDDY

Matches both children and adults who are blind or visually impaired with specially selected dogs to be their pets and companions. K9 Buddies can foster a sense of caring, companionship, and responsibility in a child’s life, resulting in enhanced self-esteem. K9 Buddies are also beneficial to people who no longer need a guide dog but want the companionship of a dog.

“Apple has been such a positive addition to our family. Enzo is perfectly smitten with Apple, telling everyone she is the best dog ever. She is pure joy and love! Her mere presence helps calm Enzo anytime he feels upset or overwhelmed. He takes his role as Apple’s handler very seriously and is proud to have taught her to play fetch.”
